

HOPE SCHOLARSHIP COURSE REPEAT FORM

The Tennessee Student Assistance Corporation (TSAC) TELS Policies and Procedures allows for a student to “repeat one course and utilize the higher of the two grades in the calculation of their HOPE GPA.” according to rule 1640-1-19-.12-.14. This is a **one-time** only option and this form serves as the application to exercise this option. The following rules apply to the repeat option:

¾ If a student lost the HOPE due to a low grade point average at the 24, 48, 72, 96, 120 hours attempted benchmark, and then retook a class that helps them meet the grade point average requirement at that benchmark, then the student may regain the HOPE immediately as long as all other eligibility requirements have been met.

¾ If a student chooses one course that they retake after the benchmark (for example, you are replacing a grade from Spring 20 with a course you are retaking in Fall 20 and you reach the next benchmark after Spring 20) then you may not regain the HOPE until you reach the next benchmark and meet all other eligibility requirements.

¾ Please go to <http://www.tn.gov/collegepays> for all of the HOPE Scholarship rules.
