

## Nuclear Medicine Technology Program

### Annual Program Credentialing Examination Pass Rate

Cohort Graduation Year	Number of Graduates	Number of Graduates Completing the NMTCB Examination	Number of Graduates Successful on 1 <sup>st</sup> Attempt	Percentage Successful 1st Attempt
2022	6	6	6	100%
2021	5	5	3	60%
2020	4	4	4	100%
2019	7	7	7	100%
2018	5	5	5	100%
2017	3	3	2	67%
2016	6	6	6	100%
2015	7	7	7	100%
2014	3	3	3	100%
2013	4	4	4	100%
2012	7	7	7	100%
2011	5	5	5	100%

### 3-Year Program Credentialing Examination Pass Rate Average

3-Year Period	Number of Graduates	Number of Graduates Completing the NMTCB Examination	Number of Graduates Successful on 1 <sup>st</sup> Attempt	Percentage Successful 1st Attempt
2020 - 2022	15	15	13	86.7
2019 - 2021	16	16	14	87.5%
2018 - 2020	16	16	16	100%
2017 - 2019	15	15	14	93%
2016 - 2018	14	14	13	93%
2015 - 2017	16	16	15	94%
2014 - 2016	16	16	16	100%
2013 - 2015	14	14	14	100%
2012 - 2014	14	14	14	100%

Credentialing examination pass rate is defined as the number of graduates who pass, on first attempt, the American Registry of Radiologic Technologists certification examination and/or the Nuclear Medicine Technology Certification Board examination.
